LONG-TERM LANE CLOSURES SCHEDULED ON JOLIET ROAD IN INDIAN HEAD PARK FOR CENTRAL TRI-STATE TOLLWAY (I-294) PROJECT

DOWNERS GROVE, IL – The Illinois Tollway is scheduled to begin a long-term lane closure next week on Joliet Road under the Tri-State Tollway (I-294) in Indian Head Park as work resumes to rebuild the I-294 bridge over Joliet Road.

Reconstruction of bridges and ramps in the I-55 Interchange area is necessary to accommodate the rebuilding and widening of I-294, as well as to reduce congestion, improve safety and address operational issues as well as infrastructure conditions.

Beginning the week of March 14, traffic on Joliet Road will be reduced to one lane in each direction under I-294. The lane closures are needed to safely accommodate traffic while the I-294 bridge over Joliet is being rebuilt and widened.

Electronic message signs and construction signage will be put in place in advance on Joliet Road and I-294 to advise drivers of the construction work zones and lane closures. Up-to-date closure information will be posted on the Tollway website in the [Daily Construction Alert](#). All work is weather dependent.

Lane closures on Joliet Road are scheduled to remain in place through summer. Additional closures, including intermittent 15-minute full closures, and traffic shifts on Joliet Road will be scheduled throughout the project as needed.

Local road closures in this area are being coordinated with the Illinois Department of Transportation, Cook County Department of Transportation and Highways and the Village of Indian Head Park, as well as local fire and police departments.

Information about the Central Tri-State Tollway (I-294) Project is available on the Tollway's website at www.illinoistollway.com in the Projects section.

In 2022, the Tollway's work in the I-55 Interchange area will continue the rebuilding and widening of I-294 between 75th Street and I-55. As part of this work, the ramp connecting I-55 to northbound I-294 will be reconstructed, along with the I-294 bridges over I-55, Wolf Road, Joliet Road and Flagg Creek. Additional work includes the reconstruction of the Plainfield Road Bridge over I-294 and the northbound ramp to the Hinsdale Oasis. Construction in this area is scheduled to be complete in 2025.

The \$4 billion Central Tri-State Tollway (I-294) Project is reconstructing and widening the roadway between Balmoral Avenue and 95th Street to provide congestion relief, update old infrastructure to meet current and future transportation demand and address regional needs. This work is part of the Tollway's 15-year, \$14 billion capital program, *Move Illinois: The Illinois Tollway Driving the Future*. More than 220,000 vehicles use the Central Tri-State Tollway daily.

Work Zone Safety

Construction zone speed limits are in effect in all construction zones 24/7 and drivers should continue to watch for changing traffic patterns and use caution, especially when workers are present. On Joliet

-more-

Road, a 35 mph work zone speed limit is in effect. On I-294, a 45 mph work zone speed limit is in effect throughout the construction season.

The Illinois Tollway reminds motorists that the “Move Over Law” requires motorists to change lanes or to slow down and proceed with caution when passing any vehicle on the side of the road with hazard lights activated. If you see flashing lights ahead, please move over or slow down.

Illinois State Police have zero tolerance for drivers speeding in work zones or failure to comply with the Move Over Law. The minimum penalty for speeding in a work zone is \$250 with up to a \$25,000 fine and a 14-year jail sentence for hitting a roadway worker. Penalties for failure to slow down or move over for a vehicle on the shoulder with flashing lights includes up to a \$10,000 fine, 2-year suspension of driving privileges and jail time, in extreme cases.

About *Move Illinois*

The Illinois Tollway’s 15-year, \$14 billion capital program, *Move Illinois: The Illinois Tollway Driving the Future*, is improving mobility, relieving congestion, reducing pollution, creating as many as 120,000 jobs and linking economies throughout the region. The first 10 years of *Move Illinois* is on schedule and within budget, delivering the rebuilt and widened Jane Addams Memorial Tollway (I-90) as a state-of-the-art 21st century corridor and opening a new interchange connecting the Tri-State Tollway (I-294) to I-57. Progress continues on projects addressing the remaining needs of the existing Tollway system, delivering the Elgin O’Hare Western Access Project and reconstruction of the Central Tri-State Tollway (I-294).

About the Illinois Tollway

The Illinois Tollway is a user-fee system that receives no state or federal funds for maintenance and operations. The agency maintains and operates 294 miles of roadways in 12 counties in Northern Illinois, including the Reagan Memorial Tollway (I-88), the Veterans Memorial Tollway (I-355), the Jane Addams Memorial Tollway (I-90), the Tri-State Tollway (I-94/I-294/I-80) and the Illinois Route 390 Tollway.
